

BUILDING OUR LOW CARBON FUTURE

At HPC we will spend around £14 billion in the UK

We rely on over 2000 UK-based suppliers all of whom have invested in new nuclear skills

Suppliers have created or safeguarded more than 8500 jobs across the UK

SIZEWELL C IS THE NEXT CHAPTER FOR UK JOBS AND UK BUSINESSES JUST LIKE THESE...

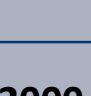

- Hinkley Point C has revived the UK's Nuclear industry
- Sizewell C will maintain this nuclear renaissance
- Sizewell C will secure high quality jobs and opportunities for businesses large and small right across the UK
- Sizewell C is vital to securing our low carbon future

Companies large and small supply HPC. Here are some examples:

Company	Description	Location
	Reinforced concrete construction and labour supply	Hamilton (Lanark and Hamilton East)
	Subsea engineering support services	Aberdeen (Aberdeen South)
	Concrete connections and composite beams	Newton Aycliffe (Sedgefield)
	Laser technology and laser manufacturing	Sunderland (Jarrow)
	Specialist infrastructure advisory and consultancy	Middlesbrough (Redcar)
	Developing and delivering engineering projects	Adlington (Chorley)
	Waste treatment systems and pipework manufacture	Immingham & Warrington (Cleethorpes & Warrington South)
	Nuclear standard stainless steel and titanium components	Stockton-on-Tees (Stockton North)
	Design and manufacture of steel formworks for the casting of concrete	Aldridge (Aldridge-Brownhills)
	Specialist supplier of Transport and Plant Hire services	Worksop (Bassetlaw)
	Production of adhesives and chemical products for the building industry	Halesowen (Halesowen and Rowley Regis)
	Construction of permanent buildings using offsite volumetric techniques	Carlton-on-Trent (Newark)
	Specialises in the manufacture of pressure vessels and process equipment.	Bridgend (Bridgend)
	Engineering, construction and asset management services	Dartford (Dartford)
	Large-scale logistics, heavy transport, and abnormal load specialists	Portishead (North Somerset)
	Equipment, technology and systems for wastewater	Colchester (Colchester)
	Equipment and ongoing support for marine solutions and construction	Ipswich (South Suffolk)

Investing in skills and education: Building the workforce of tomorrow

-  **National College for Nuclear Hubs:** Somerset, Cumbria and East (tbc)
-  **Welding Centres of Excellence:** Somerset, West Midlands and Strathclyde
-  **Pipefitting Training Centre:** Strathclyde and Somerset (tbc)
-  **Electrical Engineering Training:** Yorkshire, Suffolk and Somerset (tbc)
-  **Turbine and Steam Training Centre:** Bedfordshire and Staffordshire
-  **Construction, Skills & Innovation Centre:** Somerset and Suffolk (tbc)
-  **Opportunity to create Sizewell C Project Delivery Body:** Suffolk (tbc)
-  **Evolutionary Power Reactor Engineering Centre:** Bristol & Somerset

2000+ companies supply goods and services to HPC from across the UK
