ENVIRONMENTAL POLICY

As Truckmasters activities may have environmental implications, we pursue a policy designed to minimise environmental damage.

Truckmasters in managing its' operations will:

- Meet all the relevant legislation, regulations, government guidance and industry codes of practice on environmental issues.
- Ensure that our staff understand the environmental impacts of our business and what they can do to minimise these impacts.
- Make efficient use of natural resources by minimising waste and conserving energy and water
- Reduce as far as is reasonably practicable environmental damage caused by noise, dust, disposal of waste and damage to groundwater and drainage systems
- Use and maintain modern and efficient modes of transport which have a reduced impact on the environment
- Encourage environmental criteria to be taken into account in the procurement of goods and services.
- Strive to continually improve our performance.
- Review our environmental policy on an annual basis to take account of changes in environmental legislation, as well as the requirements and expectations of our customers and others with whom we do business
