

Health and Safety Policy Statement

Statement of intent

This is the health & safety policy statement of:

AMP Contractor Ltd

Our Health & Safety Policy is to:

- Prevent accidents & cases of work related ill health.
- Manage health & safety risks at our places of work.
- Provide clear instructions & information, adequate training to ensure employees are competent to carry out their tasks.
- Provide adequate PPE/RPE as needed.
- Consult with employees on matters affecting Health & Safety.
- Provide and maintain safe plant and equipment.
- Ensure safe handling & use of substance (e.g. refuelling, topping up oils, lubricating plant, etc)
- Maintain safe & healthy working conditions so far as is reasonably practicable.
- Provide and maintain sufficient fire fighting and first aid trained personnel and equipment as needed on a site by site bases.
- Identifying hazards in the workplace assessing the risk and putting in place preventative and protective measures.
- Provide ongoing training and refresher courses for employees.
- Promote a positive outlook toward health and safety in the work place.
- Continually reviewing established forms of health and safety and establishing update or new methods if needed and enforcing safe methods of work,
- Making sure no other company objectives come before health and safety

- Report any near misses.

Arrangements for Health & Safety

Risk assessments

- AMP will complete risk assessments for the head office and for each and every individual works site.
- Risk assessment will be reviewed when working habits or conditions change such as on a site by site basis and task by task basis.

Training

- AMP will ensure employees have certification of previous training in order to carry out the role they are employed for
- AMP will offer ongoing training to upskill existing employees and/or refresher training to keep their skills and knowledge current

Consultation

- AMP will consult staff routinely on health and safety matters as they arise and formally when we review health and safety
- AMP site supervisors will brief on site teams and sub-contractors daily on tasks and health and safety matters, briefings will be recorded and signed up to by all onsite workers carrying out work for AMP as an employee or sub-contractor.
