

AMP Contractors Ltd

Environmental Policy Statement

1. To identify the significant environmental impacts of our activities.
2. To develop suitable objectives, targets and management programs, applying appropriate operational procedures to minimize our significant environmental impacts during normal, abnormal and emergency conditions.
3. Comply with up to date and relevant legislation, regulation and any other requirements relating to our environmental impacts.
4. To prevent pollution, minimize our inputs of resources and output of emissions to the atmosphere, effluents to waters/sewers and wastes to disposal facilities.
5. We endeavor to re-use, recover, recycle materials where possible.
6. Take into account the principles of sustainable development in our activities by using as local as possible the procurement of – Plant, labour, Materials.
7. To communicate, co-operate and respond to the views of interested parties, including the work force, clients and general public, on environmental issues, where this is practicable and likely to result in an overall improved environmental performance.
8. We will continue to strive for improvement in overall environmental performance.
